Behind every great athletic program is a hard-working booster club. Members of a booster club are so valuable because they work as volunteers. FOUNGING members of our booster club are priceless as—without them—our sports teams would not have the support that they do today.

Thanks to the founding members, at Pocono Mountain, the purposes of the booster club are to support Pocono Mountain Cardinal Athletics with activities including but not limited to:

1. Operation of all concession stands (may include sports program)
2. Funding the Year-End Dinner (trophies, plaques and awards)
3. Allocating funds for equipment or other needs as requested by coaches and/or Athletic Director
4. Funding purchase of Conference Champion jackets
