Future Cardinals

Fly in Early

Do you have a preschool aged child at home?

Future cardinal families of preschool children (3-5 year olds) who are NOT attending kindergarten are invited to attend a literacy workshop of fine and gross motor activities. Snacks and goodie bags will be given out to each family that attends.

Mission Statement: Swiftwater Elementary Center is where parents can find resources before their child starts school. It's a center for community outreach and coordinating services. We want to help parents be their child's first teacher and as a result be better prepared physically, emotionally, behaviorally and academically for a life of learning. We welcome future cardinals and look forward to them flying in early.

FREE SCREENINGS

Parents!

The early years are a time when 90% of the brain develops. Steps taken during these years to help ensure your child is developing normally can provide a child with a good "head start" for school and success later in life. Please take advantage of this free service.

Vision Screenings: Ages 6 months to 5 years (not in Kindergarten)
