- Student drivers will be limited to SENIORS actively involved in extra-curricular activities and students enrolled in the Diversified Occupation or Cooperative Extension programs. Other students will not be permitted to drive to school.
- All types of motor vehicles must be registered with the security department prior to driving to school. An updated record must be maintained in the security office if the student drives a vehicle other than the one registered in the office. All students shall present a copy of their automobile insurance card, driver's license, and vehicle registration form.
- Students shall not drive vehicles to school without first obtaining and displaying a valid parking permit issued by the security department. Eligible students who drive registered vehicles to school shall not be permitted to use, or allow the use of, their vehicles during the school day for any purpose unless permission is first obtained from the school administration.
- A maximum speed limit of fifteen (15) miles per hour is hereby established on school grounds. The operator of any vehicle who drives in excess of fifteen (15) miles per hour shall be considered in violation of these rules and regulations. No vehicles may be operated on school property in a careless, reckless, or noisy manner. This shall include, but is not limited to, excessive "revving" of engines, racing another vehicle, failure to yield to pedestrians, "squealing" of tires, and excessive loudness of radios, excessive noise created by the operator or occupants of the vehicle. It is unlawful to use tobacco products in any vehicle while on school property.
- Students may not drive unlicensed vehicles on school grounds at any time.
- Eligible students who drive registered vehicles to school shall immediately park their vehicles in the assigned or designated spaces or areas upon arrival at school and enter the building. There shall be no loitering in the parking lots or sitting in parked vehicles before, during or after regular school hours. Persons driving vehicles on school grounds must leave the parking lots prior to the time when school buses depart. Should a driver fail to leave prior to departure of the school buses, he/she shall wait until all buses have departed before leaving the parking lot.
