Dear Parents and Students:

August 2020

Welcome back. We hope you enjoyed your summer. Now it is time for students to begin learning new skills and acquiring a greater knowledge of our world. The likelihood of student's success in this task is increased when the school and home form a partnership. A key link in this partnership is the student's school counselor.

Each school counselor wants to work to make this year as successful as possible for each student. Please call the School counselor if you or your child has any questions about the program of study, adjustment to school, or academic performance.

The school counselor assignments below have been made to help you and your child schedule appointments with counselors. School counselors are available to help you and your child with reviewing records, planning, discussing career opportunities, and evaluating progress. Students should meet regularly with their school counselor.
