Do you feel your child age 3-5 is not...

Regulating their emotions and behaviors?

Learning essential skills?

Having positive parent-child interactions?

**During these uncertain times, you are
not alone. We are here for you.**

SMILE In-Home/Virtual Program

Every moment in a child's life is a learning experience in which 90% of the brain is developed. It can significantly enhance or inhibit development and learning. It is critical that the parents and Early Childhood Educator work cooperatively in the home or virtually to help prepare children to enter school ready to learn.

Please call our Education Initiatives Director at 570-517-3958 to get connected today.
