The **Pocono Mountain School District** Health and Safety Plan outlines our school entity instructional and non- instructional school reopening activities for the 2020-2021 school year and was created in consultation with Northampton/Monroe/Pike County Emergency Management Services, Pennsylvania Department of Health, Colonial Intermediate 20, Bethlehem Department of Health, and St. Luke's. As with all emergency plans, the Health and Safety Plan developed for each school entity should be tailored to the unique needs of each school and should be created in consultation with local health agencies. The plan will be monitored, revised, and updated throughout the school year until normal operations resume. As decision makers, we are mindful that as long as there are cases of COVID-19 in the community there are no strategies that can completely eliminate transmission risk within a school population. The goal is to enact safety and disease mitigation protocols for COVID-19 using a coherent community-wide approach to the reopening of schools in the Fall of 2020.

All school activities are informed by Governor Wolf's Process to Open Pennsylvania. The Governor's plan has categorized reopening into three broad phases: red, yellow, or green. These designations signal how counties and/or regions may begin easing some restrictions on school, work, congregate settings, and social interactions. Depending upon the public health conditions in our county, there could be additional actions, orders, or guidance provided by the Pennsylvania Department of Education (PDE) and/or the Pennsylvania Department of Health (DOH) designating our county as being in the red, yellow, or green phase. There may be times that our county may not experience a straight path from a red designation, to a yellow, and then a green designation. Instead, cycling back and forth between less restrictive to more restrictive designations may occur as public health indicators improve or worsen in our local area. The **Pocono**Mountain School District Health and Safety Plan accounts for changing conditions to ensure fluid transition from more to less restrictive conditions in each of the phase requirements as needed. In addition, specific guidance from local Health Officials and Center for Disease Control changes so may the parameters outlined in this plan.

Addressing Community Spread in K-12 Schools LEVEL OF COMMUNITY SPREAD (AS DETERMINED BY STATE AND LOCAL HEALTH OFFICIALS)

		,
Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)	Green Phase (Low/No Spread)
 Schools that are closed, remain closed. Implement distance/remote learning (see Serving School Meals and Supporting Teaching and Learning). Coordinate with local and state DOH health officials Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible) Close off affected areas and if possible, wait 24 hours before cleaning and disinfecting. Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness (see Protecting Vulnerable Populations for considerations) Schools remain closed and no sports are allowed in counties designated as being in the Red Phase. 	 Schools may provide in-person instruction only in accordance with Department of Education guidance Schools Subject to CDC and Commonwealth Guidance Schools may provide in-person instruction after developing a written Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website. Establish and maintain communication with local and state DOH health officials. Participate in contact tracing efforts and specimen collection efforts as directed by local health officials (to the extent feasible). Implement enhanced social distancing measures. Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols. Establish a protocol for students/staff who feel ill/experience symptoms when they come to school. Isolate and deep clean impacted classrooms and spaces Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness. Districts have the authority and flexibility to close school buildings and utilize distance/remote learning as needed. Schools may resume sports-related activities after developing a written Athletics Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/ trustees) and posted on the school entity's publicly available website. 	 Schools Subject to CDC and Commonwealth Guidance Schools may provide in-person instruction after developing a written Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/trustees) and posted on the school entity's publicly available website. Post signage in classrooms, hallways, and entrances to communicate how to stop the spread. COVID-19 symptoms, preventative measures (including staying home when sick), good hygiene, and school/district specific protocols. Establish a protocol for students/staff who feel ill/experience symptoms when they come to school. Consider ways to accommodate needs of children, teachers/staff, and families at higher risk for severe illness. Schools may resume sports-related activities after developing a written Athletics Health and Safety Plan, to be approved by the local governing body (e.g. board of directors/ trustees) and posted on the school entity's publicly available website.

For additional guidance on addressing community spread, see the CDC's Consideration for Schools
Pocono Mountain School District Decision Tree

The <u>Pocono Mountain School District Path to Reopening for K-12 Schools: Health and Safety Plan</u> not only provides considerations for school leaders as they develop plans for restarting school this fall but provides a flexible framework to address challenges that may develop throughout the 2020-2021 school year. Instead of a one-size-fits-all approach, the below <u>Pocono Mountain School District Decision Tree</u> provides a menu of instructional models and responses districts can adopt to ensure the continued success and safety of students and staff members.

Level of Community Spread (as determined by state and local health officials)	Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)			Phase Spread)
		Ų	#		#
Instructional Model (as determined by local school entity)	Phase 1 Full Remote Learning Model/PMSD Learn from Home Virtual Program				
	*The PMSD will be providing 100% distant remote learning. Students will be enrolled in the Learn from Home Virtual Program and receive instruction with their regularly scheduled classes through Google Suite. The Learn from Home Virtual Program will include more structure, live instruction and more rigor than last spring.			will include more structure,	
	Students can enroll full time in the Pocono Mountain School District Comprehensive K-12 Cyber Program.				
	MCTI is a half day program(AM/PM) for students and will open with a hybrid schedule. Students will be assigned to one of the two groups based on their last name. MCTI will be open to students Monday (A-K), Tuesday(A-K), Thursday(L-Z), and Friday(L-Z). Wednesday will be online for all students. This schedule was developed in collaboration with the four sending school districts. If there are any changes, at stakeholders will be notified through a phone call, email, website, and social media. As part of the MCTI hybrid model students will be required to complete online course work on all days they are not assigned to MCTI. Pocono Mountain School District students will be provided transportation on their scheduled hybrid days. The 9th grade program will have students attending for a full day of instruction on their assigned hybrid days.			day(L-Z). Wednesday will there are any changes, all model students will be strict students will be	

	*Decisions to remain 100% distant remote learning and/ or to move towards in-person instruction will be evaluated at the beginning of October. The provided PDE guidance and recommendations on two standard public health metrics: incident rate and percent positivity of diagnostic testing will be a consideration.

all staff and building lobbies.

Distribution of Cleaning Supplies to Staff:Disinfectant wipes, gloves, and/or sanitizer will be available in offices and classrooms.

Public Water Fountains: Discontinue use of water fountains. Encourage use of water bottles from home and ensure potable water will be available.

Cleaning Supply Storage: Ensure safe and correct usage/storage of cleaning and disinfection products, including storing them securely away from students.

Positive Test Result and Area Quarantine: Isolate areas of the building used by an infected individual. Wait at least 24 hours before cleaning and sanitizing. If 24 hours is not feasible, wait as long as possible.

Building HVAC, Air Filtration and Ventilation:

Implement a filtering strategy, where at a minimum all existing filters are replaced and continue on a routine replacement schedule. New gasketing will be installed around existing filters, as needed, to prevent leakage. Transition to upgrade filters (MERV-13) will be considered. Flush building for at least two hours prior to daily occupancy (100% outside air, as applicable). Operate all ventilation systems during the occupied period and maximize the percentage of outside air dilution that will allow the building to maintain a comfortable, productive and safe learning environment. Ensure exhaust systems operate on the same schedule as air handling equipment. Ensure ceiling fans and blowers do not blow directly onto or across occupants. Open windows and doors to increase ventilation in areas that are not actively served by an HVAC system. Maintain continuous monitoring of HVAC systems and building conditions.

Type of Reopening

Based on your cou	nty's current designation and local community needs, which type of reopening has your school entity selected?
	Total reopen for all students and staff (but some students/families opt for distance learning out of safety/health concerned.)
	Scaffolded reopening: Some students are engaged in in-person learning, while others are distance learning (i.e., some grade levels in-person, other grade levels remote learning). Blended reopening that balances in-person learning and remote learning for all students (i.e., alternating days or weeks).
Х	Total remote learning for all students. (Plan should reflect future action steps to be implemented and conditions that would prompt the decision as to when schools will re-open for in-person learning).

Anticipated launch date for in-person learning (i.e., start of blended, scaffolded, or total reopening): All Pocono Mountain School District programs and services will begin on August 31, 2020, which will align with the 3 Monroe County School Districts, IU 20, and 1 Career Technical Center (MCTI).

Roles and Responsibilities for Health and Safety Preparedness and Response Planning Team:

- Prevent accidents, injuries and work/school-related illnesses in the schools.
- Create and implement health and safety policies in accordance with the latest legislation and to ensure that these policies are implemented by staff.
- Create and implement health and safety procedures/protocols/practices in accordance with the latest guidance and recommendations for the

Department of Health (DOH) and Center for Disease Control (CDC) and to ensure that these procedures/protocols/practices are implemented by staff.

- Create a Health and Safety Plan and ensure it's regularly updated to reflect any changes to the law and/or guidance from federal, state, and local health officials. It's their responsibility.
- Ensure that each member of staff is aware of and adheres to the Health and Safety Plan.
- Provide regular inspections and risk assessments, and ensure that any hazards or defects are rectified immediately.
- Maintain records and thoroughly investigate any accident, community spread illness, and recommend any improvements in health and safety standards if required.
- Provide training to all staff in health and safety issues, and advising them on protective clothing and equipment where necessary.
- Serve as the key point of contact for any member of staff who has a query or concern regarding the health and safety of the workplace.
- Work closely with management, as well as health and safety inspectors.

Key Strategies, Policies, and Procedures

The action plan documents the Pocono Mountain School District's thorough plan for each of the requirements outlined in the Pennsylvania Department of Education's Preliminary Guidance for Phased Reopening of PreK-12 Schools. The table belows identifies a detailed summary describing the key strategies, policies, and procedures the Pocono Mountain School District will employ to ensure the health and safety of every stakeholder in the local education community. The information below provides key information that staff, students, and families will require to clearly understand the Pocono Mountain School District's local plan for the phased reopening of schools.

Requirements Level of Community Spread (as determined by state and local health officials)	Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)	Green Phase (Low/No Spread)	Lead Individual and Position	Professional Development Y/N
Level of Community Spread (as determined by state and local health officials)	Schools (for in-person instruction) and Most Child Care Facilities Closed	Schools may provide in- person instruction only in accordance with Department of Education guidance	Schools may provide in- person instruction only in accordance with Department of Education guidance	PA Dept.of Health	Z

Cleaning, Sanitizing, Disinfecting, and Ventilation

Cleaning, sanitizing and disinfecting will be performed in accordance with current CDC and DOH guidelines. EPA approved products will be used in accordance with labeling requirements and staff will be trained on how to appropriately use these products. Building operation will continue to support custodial teams with synchronized zone scheduling and increased ventilation of outside air.

Building operations and maintenance

Building operations will be minimized, conditions will be closely monitored, and HVAC systems will be routinely inspected to maintain operational readiness and protect the buildings during the closure period.

EPA Disinfectants

-EPA#47371-129 -EPA#82972-1

Cleaning, sanitizing and disinfecting

- Continue routine cleaning and disinfecting for areas where minimal staff is utilizing facility
- Continue cleaning excessively touched items throughout day
- Areas not being used or occupied for 7 days or longer only need routine cleaning

pre-occupancy, and continuously monitor building conditions and HVAC readiness.

Cleaning, Sanitizing, Disinfecting, and Ventilation

Cleaning, sanitizing and disinfecting will be performed in accordance with current CDC and DOH guidelines. EPA approved products will be used in accordance with labeling requirements and staff will be trained on how to appropriately use these products. Building operation will continue to support custodial teams with synchronized zone scheduling and increased ventilation of outside air. HVAC systems and building conditions will be closely monitored to ensure operational readiness.

Day shift custodial staff

- Continue everyday responsibilities and tasks
- Clean excessively touched items throughout the day
 - o door knobs
 - hand railings
 - o light switches
 - Restrooms will be cleaned and disinfected.

Night shift custodial staff

- Continue everyday responsibilities and tasks
- Cleaning and disinfecting restrooms
- Vacuum

dilution, flush buildings preoccupancy, and continuously monitor building conditions and HVAC readiness.

Health and Safety Plan Communications

Communication Plan: Parents/Guardians & PMSD School Community

Level of Community Spread (as determined by state and local health officials

Red Phase (Substantial Spread)	Yellow Phase (Minimal/Moderate Spread)	Green Phase (Low/No Spread)
Support and ensure the successful implementation and execution of the District's Path to Reopening Schools Health and Safety Plan for 2020-21 through a robust communication strategy Ensure all stakeholders and the school community remain informed, ready to safely participate in the educational process and educational programming offered by PMSD, and fully engaged in the educational process throughout the school year	SAME AS FOR RED PHASE	SAME AS FOR RED PHASE
PRIORITIES: • Strategic, planned and targeted communication efforts with PMSD Stakeholders		
Timely, effective, responsive, and reliable communication with all stakeholders regarding the health and safety measures and protocols in place to keep students and staff healthy and to prevent the spread of COVID-19 Make communication accessible to non-English speaking stakeholders as needed to ensure all		

27,000 PMSD Homes

- Press Releases
- Media Responses

SPOKESPERSONS:

- Superintendent
- Director of Public Relations
- Cabinet
- Principals
- Instructional Directors
- Supervisors (as subject matter experts/issue specific)
- PMSD Employees (as subject matter experts/issue specific)
- School Board Directors (as appropriate)

TIMELINE OF COMMUNICATION INITIATIVES:

The Director of Public Relations will maintain a timeline of planned communication initiatives, which is a working document that supplements this plan.

COVID-19 has proven to be a very fluid situation which requires PMSD to be very flexible and responsive in its communication efforts in order to meet the needs of its entire school community

RESOURCES:

Regional Members of Pandemic Committees:

Committees included members from Colonial Intermediate Unit 20, the 13 school districts in the CIU20 region, 3 career technical schools in the CIU20 region,

and local health officials. The purpose of the committees was to plan and prepare for reopening schools for the 2020-21 school year. Due to COVID-19, reopening schools needed to be adapted/modified to incorporate safety and health guidance for all students, staff, and school community. The committees examined guidance and routines used to prepare for the 2020-21 school year and develop alternative means for accomplishing the needed outcomes. The plans incorporated social distancing and remote learning alternatives to provide education and services throughout the various phases of re-opening directed by the state of Pennsylvania and the Department of Health and recommendations by CDC. Special accommodations were considered and implemented for students and staff that are at high risk for exposure to infectious disease.

Superintendent's Advisory Council

- Christopher Wolfel, Executive Director, Colonial Intermediate Unit 20
- William Haws, Superintendent, Bangor Area School District
- Joseph Roy, Superintendent, Bethlehem Area School District
- John Bell, Superintendent, Delaware Valley Area School District
- William Riker, Superintendent, East Stroudsburg Area School District
- David Piperato, Superintendent, Easton Area School District
- Dennis Riker, Superintendent, Nazareth Area School District
- Joseph Kovalchick, Superintendent, Northampton Area School District
- Walter Schlegell, Superintendent, Pen Argyl Area School District
- o Lee Lesisko, Superintendent, Pleasant Valley Area School District
- o Elizabeth Robison, Superintendent, Pocono Mountain Area School District
- Craig Butler, Superintendent, Saucon Valley Area School District
- o Cosmos Curry, Superintendent, Stroudsburg Area School District
- o Douglaas Wagner, Superintendent, Wilson Area School District
- o Adam Lazarchick, Executive Director, Bethlehem Area Vocational-Technical School
- o Adrianne Jones, Administrative Director, Career Institute of Technology
- o Dennis Virga, Administrative Director, Monroe Career and Technical Institute

Teaching and Learning

- o Michelle Bozzini, Director of Professional Learning and Curriculum, CIU20
- Heather Heimer, Supervisor of STEM and School Improvement, CIU20
- o Denise Kaminski, Assistant Director of Professional Learning and Curriculum, CIU20
- Renee Harris, Supervisor of Online and Cyber Services, CIU20
- Susan Kandianis, Supervisor of Educational Technology, CIU20
