- District-issued Chromebooks and PMSD Google Apps accounts
- Optional hybrid scheduling - Students may take a course(s) in the PMSD brick-and-mortar-building while completing all other coursework online

TAKE THE FIRST STEP toward a personalized education!

There are many ways to take advantage of the benefits offered by the PMSD Cyber Program. The program is part of the PMSD, so you enroll the same way you would enroll in one of our school buildings:

- **New district residents** - If you are new to the PMSD, the student registration process may be initiated on-line at www.pmsd.org or by contacting the Student Registration Center at (570) 839-7121, ext: 40400.
- **Current district residents** - The first step to enrolling in the PMSD Cyber Program is to contact your child’s school guidance counselor.

Considering a new education program is exciting but can also be overwhelming. If you have additional questions, please contact the Director of PMSD Cyber Program to answer your specific questions or concerns.

The PMSD CYBER PROGRAM is the place to:

- Connect to your personalized school plan
- Move at your skill level in all subjects
- Use time as the variable
- Master concepts
- Build confidence and demonstrate knowledge
- Stimulate creativity, exploration, and research
- Increase and enhance opportunities and experiences
- Be able to follow-through with goals
- Feel that high quality learning can take place without going to a traditional classroom
- Accept critical thinking and decision making as part of the learning process
- Speak up for your education!

PMSD Cyber Program

The only cyber school supported by the Pocono Mountain School District.

What PARENTS say about the PMSD Cyber Program:

“I am really happy with the program. My son plans to walk in graduation with the rest of the PMSD graduates.” - Tina Polimeni

“The PMSD Cyber Program teaches my daughter independence and allows me to be an active parent in the PMSD school community. I looked into other cyber schools, but this program was the best fit for my daughter.” - Lisa Wright

“This program was a real gift for my daughter, because she can still be a part of Pocono Mountain, but have an alternative to the regular school. It was the perfect fit for her.” - Peter Luczka

What STUDENTS say about the PMSD Cyber Program:

“When you are learning, it’s not about the whole class, it’s about you and your progress.” - Milina

“The PMSD Cyber Program “allows me to work more independently and at my own pace.” - Olivia

An education to meet your needs:

The PMSD CYBER Program is flexible and offers all the support parents and students need to tackle the demands of online learning to achieve their educational goals.

We expect the best from our students; that is why we offer effective support to promote their success.

History of the PMSD CYBER Program:

PMSD has been operating its own cyber program for students in grades 6-12 since 2010. Starting in 2019 PMSD Cyber Program will offer full-day and hybrid cyber options for all PMSD students grades K-12.

The goal of the program is to graduate students who are college and career ready by providing each student with a flexible, personalized learning plan that will ensure success beyond high school.

Guidance counselors will work closely with students to chart a path that, if successfully completed, will give students a competitive advantage when applying to the college or choosing a career.
