

Pocono Mountain West High School

Mr. Michael Jones, *Principal*

Mrs. Brenda Fladger, *Assistant Principal*
Mr. John T. Richards, *Assistant Principal*

July 2021

Dear Parents/Guardians,

We hope that you and your student(s) are enjoying the summer. In an effort to maintain the consistency at the Pocono Mountain School District with regards to the Standardized Dress Policy, *no* changes have occurred in how our students must dress when they return on August 30, 2021. Students will be expected to wear standardized dress code attire when they return to in-person instruction.

To assist you with “back-to-school” shopping for your students, a brief summary of our policy for student dress is found on the reverse of this letter. Use it as a guide for you and your student in selecting appropriate attire. Detailed information can also be found on the District’s web site.

In addition to the main requirements of the dress policy, please remember that the following inappropriate items may not be worn inside the buildings during school hours:

- Sheer or see-through clothing, hoodies, no matter what the color
- Pants worn below the waist
- Exposed underwear
- All hats and/or head coverings (except those permitted for religious reasons)
- Any apparel that is sexually suggestive and/or drug, alcohol, or tobacco related.
- The wearing/displaying of gang-related apparel including but not limited to: bandanas, beaded necklaces, scarves, and other clothing designed to display “colors” or affiliations.
- Eye brow rings/studs: metal, plastic, or any other materials.
- Tongue studs
- Nose or lip rings/studs

In addition to the dress policy, please remember that:

- *All electronic devices must be powered off upon entering the building and remain off until the student is leaving the school. All electronic devices and personal belonging must be properly stored in the student’s locker in the academic wing of the building, or a designated area if no locker is assigned. Electronic and personal items should not be placed in gym lockers. Electronic devices should not be visible.*

From experience, we know the appearance of our students sets the tone of the building and creates an atmosphere conducive to learning.

Additionally, because our goal is to focus on student learning and achievement, we strongly encourage your student to attend school daily and arrive with the necessary pens, pencils, notebooks, tissues and other personal necessities.
