February 22, 2021

Dear West High School Parents/Guardians & Staff,

We have been notified that a West High School student athlete that attends classes remotely has tested positive for COVID-19. Close contacts of the individual have been identified, according to CDC and the PA Department of Health Guidelines. Faculty, staff and students who were identified as being in close contact with this individual have been notified and mandated to quarantine for the necessary amount of time from the last date of exposure.

We are following all CDC guidelines and protocols set by the Pennsylvania Department of Education, Pennsylvania Department of Health and our school district, regarding the cleaning, disinfection and sanitizing of our classrooms and schools to prevent the spread of COVID-19.

In addition to the morning symptom check, parents and students are encouraged to do the following to help prevent the spread of illness at home and in school:

- Avoid close contact with people who are sick.
- Wash your hands frequently.
- Avoid touching your eyes, nose and mouth.
- Stay home when you are sick.
- Cover your mouth and nose with the inside of your elbow when you cough and sneeze.
- Clean and disinfect frequently touched objects and surfaces.
- Practice social distancing and wear a mask.

Please know the health and safety of our students and staff is our utmost priority. If you have any questions or concerns, please contact your school administration and/or nursing department.

Thank you for your support and understanding.

Sincerely,

Dr. Kathleen Smith
